Education

University of Lahore — Lahore, Pakistan
Bachelor of Science in Software Engineering — CGPA: 3.88 — *2023 – 2027*

Kips College JT — Lahore, Pakistan
Intermediate in Pre-Engineering — Marks: 989/1100 — *2020 – 2022*

Sharif Education Complex — Lahore, Pakistan
Matriculation in Science — Marks: 1015/1100 — *2018 – 2020*

Projects

Assessia – Academic Performance Monitoring System | *FastAPI, MySQL, React.js*
github.com/hudahasann/Assessia
Built RESTful services with FastAPI and a MySQL database schema for a web platform that tracks student grades and attendance, and generates performance reports for teachers and admins.
Integrated the backend with a React frontend.

ClubSync – Student Society & Event Management Platform | *React.js, Node.js, Express.js, MongoDB*
github.com/hudahasann/ClubSync
Built a full-stack society management platform where students join societies with role-based access (Admin/President/Member).
Implemented QR code event check-in with a points system (+10 points per event), JWT authentication, and bcrypt password hashing with RESTful APIs.

Device Management System | *HTML, CSS, JavaScript, MySQL*
Built a full-stack web interface where users can add and update devices, with data persisted to a MySQL database.

Dynamic DOM Manipulation Application | *HTML, CSS, JavaScript*
Built a responsive frontend with real-time DOM manipulation where user input updates the display dynamically.

Technical Skills

Languages: Python, C++, JavaScript
Frameworks: React.js, FastAPI, Node.js, Express.js
Databases: MySQL, MongoDB Atlas
Concepts: Data Structures & Algorithms, Object-Oriented Programming, REST APIs

Certifications

NAVTTC Certificate Course — Superior University, Gold Campus
Data Mining and Business Intelligence — Grade: A
